R32 Inverter

Rheem's R32 Inverter Floor Standing series ensures sustainable and high efficiency performance throughout different conditions.

4D Air Flow

Air blades can swing vertically and horizontally, which helps to improve air distribution and flow.

4D

Strong Air Outlet

Stronger air flow with stable operation in high temperature and long distance outlet.

Golden Fin

The golden hydrophilic fin can improve the heating efficiency by accelerating the defrosting process. The unique anticorrosive golden coating on the condenser can withstand the rain, salty air and other corrosive elements.
