360°+1 THE NEW
DEGREE
OF WARMTH

Founded in 1925, in Emeryville, California, United States, by brothers Richard and Donald Rheem, Rheem Manufacturing Company is a global and leading manufacturer for water heating and air conditioning products and solutions. Today, Rheem is headquartered in Atlanta, Georgia, United States, and together with its family of brands, Rheem pioneers and leads the industries we serve in America and all over the world.

While the company has produced a number of products in its nearly 100 years of operation, Rheem has evolved into the only manufacturer in the world that produces heating, cooling, water heating, pool & spa heating as well as commercial refrigeration products for both residential and commercial purposes. From industry-leading technologies to next-generation energy efficiencies, Rheem has been a trailblazer in developing some of the most innovative advancements in heating, cooling and water heating industries. With a long list of award-winning solutions, Rheem continues to deliver advanced comfort, savings and

experiences to our customers—just as we've done for nearly 100 years.

Our approach as a company is to keep the dialogue ongoing, listen, and then act. As a result, Rheem is able to constantly deliver innovations in the heating, cooling and water heating industries to provide our valued customers with new degrees of comfort.

WHY RHEEM?

EXPERTISE

The Rheem® brand promise and central message remain: The Water Heater Experts.™ For decades, Richmond Water Heaters have showcased this expertise by delivering proven performance, quality and durability.

VALUE

Rheem® Water Heaters are manufactured with exceptional workmanship and top-quality materials—resulting in excellent performance, durability and efficiency.

EXCEPTIONAL PRODUCTS

The Rheem® brand will continue to provide a comprehensive line of exceptional water heating products with features engineered to exceed expectations of consumers and the industry.

SERVICE & SUPPORT

The Rheem® brand is a call away with expert service and support to help provide the best water heating solutions.

OUR EXPERTISE & ADVANTAGES

RELIABILITY

An American company with nearly 100 years of history in business, Rheem has been a pioneer in developing some of the most innovative advancements in water heating. With a long list of award-winning solutions, Rheem continues to deliver advanced comfort, savings, and experiences to our customers.

WATER HEATING EXPERTS

With a wide range of products, we have something to fit almost every water heating need across MEA region. The proof is in having over 1,000,000 water heaters installed across MEA region. With Rheem commercial products installed in over 1,000 locations, we are also proud to be the preferred choice for commercial applications in the MEA region.

SUSTAINABILITY

Rheem is making a difference with our ambitious 2025 goals. We continue to lead with our bold approach to improvements for our products and processes to dramatically cut our impact on the environment, while empowering both our customers and employees to work and live sustainably. It's all a part of our bold vision for the future.

DEGREE OF INNOVATION

Reduce manufacturing greenhouse gas footprint by 50%.

DEGREE OF EFFICIENCY

Reduce greenhouse gas emissions by 50% and achieve zero waste to landfill.

DEGREE OF LEADERSHIP

Train plumbers and contractors on sustainable products of sustainable installation and recycling best practices.

SOLAR WATER HEATING

FEATURES & BENEFITS

POWER SAVINGS WITH EVERY USE

SUPERIOR THERMAL PERFORMANCE

ENJOY HOT WATER ALL ALONG

LONG LASTING EVEN IN HARSH WEATHER
